5 Quick Steps to Set Up a Course in Canvas

1. Log in with your Onyen at canvas.unc.edu and click through the brief tutorial.

2. From your Dashboard, click on the course you want to set up.

3. From the Syllabus tool, add your syllabus using the Edit button.

4. Upload your course documents into Files.

5. Publish your course. You can give students early access by editing the start date in Settings.

TIP: You can see your class roster in the People tool.

See the Canvas Instructure Guide for more "how-to" instructions.
